### A MESSAGE FROM YOUR

## BOARD OF DIRECTORS

We are thrilled to see excitement building within the community as phase one of the Riverland Town Center nears completion. The Publix anchored shopping center will give Riverland residents unprecedented access to everyday conveniences by way of golf cart through the Riverland Pathways. Residents will be able to shop for groceries, pick up a prescription, dine at one of the restaurants, and experience many other amenities at the Riverland Town Center. Publix is expected to open in the next few months.

There are also major expansions underway within the Riverland community that will bring the already exploding lifestyle program to new heights. The Group Fitness Studio Hub located at the Riverland Wellness & Fitness Center is nearing completion. This all-new fitness building will feature five dedicated group exercise studios and is expected to open very soon. Land development has started on the Sports & Racquet Center expansion located across the Paseo, south of the Wellness & Fitness Center. This expansion site will feature 8 covered and 8 open pickleball courts, 5 tennis courts, and 12 bocce courts. In addition, the 4th Social Club House within Riverland located in Valencia

Parc has started to take shape. The building went vertical in June and is expected to be completed later in 2026.

Sales have continued to remain strong throughout the first half of 2025. The community is now approaching over 3,800 sales throughout the current 4 Valencia neighborhoods. New sales have remained focused in Valencia Parc and the remaining quick delivery homes left in Valencia Walk and Valencia Grove. We are happy to report that we have now sold over 100 Luxury Club Villa homes and construction of the first buildings has begun.

The total number of homes closed in Riverland has reached 3,200 homes and the estimated number of residents living in Riverland is now over 5,000! We are excited to see the community continue to grow and would like to congratulate those who have closed since our last publication and thank you for your continued support.

Sincerely,

Your Board of Directors  
Riverland Community Association, Inc.

## A NOTE FROM THE ARTS & CULTURE CENTER

Welcome, Summertime!

We're excited to kick off *Fun in the Sun Week* for your visiting grandchildren and family! Be sure to check the APP for all the exciting July festivities. We're also working hard on the BLOOM Garden – if you've been hoping to participate, the lottery for the new season is coming soon!

I feel incredibly grateful for the opportunity to have spent the last six months working at the Arts & Culture Center. We're so proud of what we've accomplished this past quarter! Our Pottery Studio now offers a wide variety of classes, our Mosaic workshops are seeing increased attendance, and our Fine Arts Instructor is leading engaging sessions across several mediums. We also have two bakers and two chefs offering culinary classes daily – there's something for everyone!

In April, I had the honor of hosting my first *World Art Day*. It was such a joy to spend the day with so many talented residents. Showcasing their beautiful artwork, enjoying live music, and watching the Lion Dance performance made for an unforgettable experience. A heartfelt thank you goes out to the Quilt Club, BLOOM Garden, and Pottery volunteers – your dedication helped make the day a resounding success.

Looking ahead, we're thrilled to announce our very first *Holiday Makers Market* this December, along with some exciting new classes you won't want to miss!

If you haven't had the chance to visit the Arts & Culture Center yet, please stop by – we'd love to see you!

Kelly

# ARTBEAT SPOTLIGHT

**Kelly and Sharon Churchill**

## Sharon Churchill

POTTERY VOLUNTEER, MENTOR MONDAY LEAD

Sharon Churchill is a native Floridian who later moved to Cleveland Ohio for her career. Sharon and her husband, Dave, looked forward to moving back home to Florida. In 2020, they began looking for a Florida home and found the perfect one for them in Valencia Grove. The Arts and Cultural Center was a big attraction for Sharon, as she spent her

entire life dabbling in the arts from painting, drawing, stained glass and sewing just to name a few. Sharon envisioned herself in the center every day! Every day came when she retired in 2024. In the Fall of 2024, with some free time on her hands, her friend in the neighborhood invited her to go to the pottery studio inside the Arts & Culture and check it out.

Sharon had some experience, about 40 years ago in pottery, but many friends and volunteers graciously showed her the way. Sharon loved it and couldn't get enough of pottery. She found it to be calming, peaceful and rewarding. Sharon began watching pottery videos on YouTube, joined ClayShare.com and recently has taken classes in wheel throwing and sculpture online and in-person. Sharon has found her niche and creative outlet in pottery doing animal sculpture and learning something new every day.

Sharon's greatest joy and accomplishments were in her career and now in the Riverland pottery studio where she is mentoring and working with others. Sharon loves volunteering in the studio helping folks find joy and peace in this wonderful and creative outlet.

## CULINARY ARTS

Whether you're helping to prep the meal, socializing with friends, or making new connections, the choice is always yours! Our chefs offer stations where you can actively participate, while sometimes our chefs may prep in advance to keep things running smoothly. While we don't have individual cooking stations yet, we plan to introduce them in the future.

## A MESSAGE FROM THE SPORTS DIRECTORS

Hello Riverland Residents!

If you're new to Riverland, welcome to the neighborhood! We're Courtney and Paul Palermo, and we're thrilled to lead all the exciting programs here at the Riverland Sports and Racquet Club! We've proudly been part of the Riverland community since May 2023, and we feel incredibly grateful to help make this neighborhood an active, connected, and fun place to live.

A little about us: we both came from Southwest Florida where we taught pickleball and led programs in several communities. We met playing pickleball almost eight years ago, and it's been a huge part of our journey ever since. Now, we've added a new teammate to our family – our daughter Summer, born in February! She's already a bright light in our lives, and we're so excited to raise her in this amazing community.

Here's what to know about our program – there's something for everyone:

**Love Bocce?** We can help you join the Bocce Club or form a team to compete in the Riverland Bocce League. Whether you're a seasoned player or brand new, there's a spot for you.

**Pickleball Enthusiast?** We run three major tournaments a year, including a crowd favorite – Major League Pickleball (MLP) – along with social round robins, multi-week leagues, skills clinics, and private/group instruction. It's a great way to meet fellow players and level up your game.

**Tennis Lover?** Take advantage of our tennis clinics, join one of the league teams that travel throughout the region, and participate in fun social events during the season. Need a racquet or a restring? We've got you covered.

**Pro Shop Perks:** Need gear or guidance? Our team is here to help you get the right equipment and plug into the action. We carry paddles, racquets, proper court shoes and attire, and even gift items for holidays and birthdays.

We can't wait to meet you, get you plugged in, and help you discover everything Riverland has to offer. Whether you're here to compete, connect, or simply have fun – we're here to make sure you love every minute of it.

We hope to see you out on the courts soon!

# THE COMPETITIVE EDGE - PROS & TIPS

## COURTNEY PALERMO | PICKLEBALL

Ever heard the phrase: Don't jump off the bridge just because your friend did? Well in pickleball there is a myth – tie yourself to your partner. Now if we tie ourselves together, if they “jump off the bridge” we are too! Untie yourself from your partner and **TIE YOURSELF TO THE BALL!** If you tie yourself to the ball,

it is easier to have good court positioning and know when to cover the sideline vs when to cover the middle.

## PAUL PALERMO | PICKLEBALL/BOCCE

### Make the Serve a Weapon

Serves are the one shot that we are fully in control of so why not make it one of our best shots? Being able to hit a serve deep with pace will help set up the rest of the rally. If we can force our opponents to hit weak returns that makes the 3<sup>rd</sup> shot easier and allows us to

control the rest of the rally or even find offense sooner. The serve is also the one shot we can practice by ourselves, so grab some balls and hit a ton of serves. Set up markers in the back of the court and see how many times you can hit them, the more you practice the more consistent you will be with an aggressive serve.

## BLAKE CASINO | PICKLEBALL

### Offensive Lobs – When & How

What is it? An offensive lob is a quicker, flatter shot that arcs just over your opponent's reach and lands deep.

#### When to hit it:

- When your opponent is at the kitchen line, especially if they're leaning forward.

- Best from close to the NVZ, like a sneaky drop shot – but lofted!
- Be cautious from deep court – longer distance = harder shot + more time for them to react.

## RENE SMIT | PICKLEBALL

### Engage Your Brain, Engage Your Feet – Mastering The Split Step

The split step is a movement that started in tennis and several other racquet sports. This is a fundamental motion on the court and becomes so important the higher level you get. The similarities between tennis and pickleball made the split step an easy transition into the sport. This movement is a small bounce executed right before your opponent makes contact with the ball. The most effective split step is one that has a wide base and where your feet land in the direction of the court, landing on your toes rather than your heels. The split step gets you into an athletic-ready position where you're engaging your legs. Just like any movement it does not have to be dramatic as the more subtle the split

step is the quicker you will then be able to move and react to the ball. From this position, you can shift into many other shots, push off in different directions, or pivot your feet. You are a bigger threat in this position because you are ready to react and push off the ground compared to one where you're already in motion.

## MADI GONZALES | PICKLEBALL

### Master the Third Shot Drop

Nowadays, we see the game evolving with more third shot drives. However, it's important to have the third shot drop in your toolbox as well as it's the gateway to getting your team up to the net and taking control of the point. Mastering this shot can elevate

your game. A few key cues to focus on:

- **Let the ball drop:** After the return, allow the ball to bounce and get lower before you hit it. This gives you more control and makes it easier to shape the drop.
- **Push forward, not up:** Think of pushing the ball forward gently, keeping it longer on your paddle, instead of flicking it upward.
- **Use your momentum:** Make sure your weight is moving forward as you hit the shot. This helps with accuracy and consistency.

Practice this shot with intention, and soon it'll become second nature.

## BILL PERRIN | TENNIS

### Why use topspin?

Topspin lets you hit harder and higher without sending the ball over the fence. It pulls the ball down fast and gives it a high, bouncy kick after it lands. It's perfect for:

**Passing shots** – Dips fast at the net

player's feet.

**Baseline battles** – Pushes opponents back and gets the ball up out of their strike zone.

**Lobs** – Clears the net player easily, then dives and jumps deep.

#### How to hit it:

- Low ball? Brush up the back of the ball from low to high.
- High ball? Roll your wrist over the top during follow-through.
- Combo move? Use both for the “windshield wiper” topspin.

Want help? Coach Bill's your guy!

## UPDATE FROM THE FITNESS DIRECTOR

Hello Riverland Residents,

The heat is on...literally! Summer is in full swing. As it continues to stay warm outside, we invite you to come inside to the Wellness & Fitness Center to stay cool with us. From personal training, to group fitness classes, to stretch sessions, to massage services – even indoor swim lessons, we have many ways to beat the heat, while staying active and focused on your wellness.

Since becoming your new Fitness Directors, we have had a blast getting to know all of you in the community that have attended classes, services, open gym and even our fitness focused events. Nothing is more rewarding than doing what we love with the people that love the same things too. If you were a part of the RiverFresh Café Opening Carnival, the Riverland Olympics, or our 2025 Health & Fitness Day Test Your Skills Obstacle Course, you have spent time with us having all the fitness fun you can imagine.

As we continue to grow and evolve together, we are implementing your valued suggestions and making every effort to integrate them as best as we can – so keep filling our front lobby suggestions box with your thoughts on how we can improve your experience with us.

We are getting very excited for the expansion of our Group Fitness rooms to a whole new building. As you see the progress coming along, reality is setting in that we will be able to have five classes going on at the same time, including new formats of Pilates Reformer, Bungee Fitness, Spin and Crossfit style. Our Group Fitness Instructors are currently working on new certifications for these formats so you can have access to them even more than what they currently offer. Typically change can bring an uneasy feeling, however, this new addition coming to the Riverland Wellness & Fitness amenity is guaranteed to be well received.

If we haven't had the chance to meet you yet – here's a little bit about us. We've been deemed the "dynamic husband and wife duo" due to our collective management experience within the hospitality and sports entertainment industries, now bringing you a superior health and wellness program. Outside of Riverland, we spend all of our time with our two kiddos. Eleni is our daughter who is 7 years old but thinks she's 17 and our son Kingston, who is 6 and wants to be an astronomer.

See you in the Wellness & Fitness Center!

One Love,  
Athenia & Uroy

## RESIDENT TESTIMONIAL

### DR. RAYMOND DUNN

Hello, I'm Dr. Raymond Dunn and I am 81 years old. Two months ago I began working with Personal Trainer Corey Rekas at the Wellness & Fitness Center. Over the past 50 years I have not been able to touch my toes. However, with the work I am doing with Corey, I now can say "I can touch my toes" and am looking forward to going even further. It has been wonderful working with him and I feel great!
